

## JA-194Y-LITE

### LTE communicator module

It enables communication using a mobile network with the ARC (Alarm receiving centre) or remote control of the system using a web and mobile application. At the same time, it enables remote system setup. Unlike the JA-194Y version, it only supports data communication.

#### TECHNICAL SPECIFICATION

Power supply	9 - 15 V DC
Idle current consumption	9 mA
Max. current consumption	720 mA
Operating band	2G (GSM, EDGE) 900/1800 MHz 3G 900/2100 MHz (B8, B1) 4G (LTE) 800/900/1800/2100/2600 MHz (B20, B8, B3, B1, B7)
Compatibility	JA-102K/R, JA-103K/R, JA-107K/R
Environment	indoor general
Operating temperature	-10 °C to +40 °C
Dimensions	70 x 37 x 25 mm
Weight	23 g
