

CT-CL

ENCLOSURE COVER WITH THE CT TYPE FRESNEL LENS (VERTICAL CURTAIN) FOR APD-200, APMD-250 DETECTORS

CT-CL is a complete enclosure cover for the **APD-200** and **APMD-250** motion detectors. The Fresnel lens used in **CT-CL** changes their character so that they can work as curtain detectors.

Replacement of the standard cover on **CT-CL** is very easy and fast. The entire element is replaced without having to dismantle individual parts.

- complete enclosure cover for the **APD-200** and **APMD-250** motion detectors
- vertical curtain type lens
